

Summer Vacation

ARMY PUBLIC SCHOOL KALUCHAK

Holiday Homework

Class 11

The grass is so green, the sun is so bright
Life seems a dream, no worries in sight.

Iced lemonade and shakes,
Yummy cakes and cookies mother makes,

Summer's the time to catch up with cousins and friends,
Hoping the summer break never ends
Play and discover new places despite the sun,
Unwind, chill and have lots of fun'

Happy Holidays

SUMMER HOLIDAY HOMEWORK
CLASS –II (2022-23)

Dear Parents

The millennial children of today are leaders of the world wide web of digital era. They have cast their net on facebook, twitter etc and derive comfort from that connectivity. Hence, it becomes imperative on our part as guardians and teachers to ensure that they acquire and develop other requisite life skills, apart from digital skill, they are required for a successful life ahead.

Here are some suggestions to make the vacation a memorable one.

During the holidays , instead of taking kids to movies or shopping, please try to do the following activities.

- Take time to visit an orphanage, home for the aged along with your child and explain about these places.
- Spend some quality time with your kids and ask about their needs and satisfy some of the useful ones and explain the needs which are essential and which are not.
- Take your child to the nearest bank to familiarize them about the functioning of banks, how ATM's work and what is the benefit of it.
- Take them for a visit to fields and show what is agriculture and the difficulties farmers face in providing the food we eat and we should not waste food.
- Sensitize them about the pain of others and to help everyone as and when possible.
- Give them experience of spending quality time with loved ones and have the affection and good times of being with the family.
- Ask them to plant a sapling and take care of it. Encourage them by saying that they will be rewarded gifts for the good deeds done by them.
- Help your children to become independent by giving them responsibilities.

- Encourage your child to read well. Ensure that the choice of books he / she reads is purposeful while being entertaining.
- Encourage your child to go outdoors rather than being a couch potato, sitting in front of the computer or television all day.

Guidelines for children

- Take two old cups or bowls, fill one with water and other with seeds every day and keep it outside for birds to drink and eat.
- Switch off fans and lights when not in use.
- Practice tying your laces.
- Take good care of your health by eating nutritious food and exercising regularly.
- Be a Chef to the family with adult supervision.
- Play various outdoor and indoor games.

I hope these activities / experience will prepare them for the world outside.

General Instructions :-

- Please make sure that you are in touch with your textbooks during vacation. Regular reading and revision must be a part of daily routine.
